To sign up, contact your employer or call us at **800-777-7902 (TTY 711)**. We're available Monday through Friday from 7:30 a.m. to 9 p.m. (closed holidays). Visit [kp.org/thrive](https://www.kp.org/thrive) to see how we make your care experience better.

A better experience from the start

We guide you through each step of joining Kaiser Permanente, so you can start getting the care you need in no time.

Ready to get started? Visit kp.org/newmember.

Choose a doctor who's right for you

Our online doctor profiles let you browse the many excellent doctors and convenient locations in your area, even before you enroll. So you can join knowing you've found a doctor who fits your needs. You're also free to change at any time, for any reason.

Transition your care seamlessly

Easily move prescriptions and find a location that's close to your home, work, or school. Many services are often under one roof, making it easy to see your doctor, get a lab test, and pick up prescriptions—all in one trip.

Get care on your schedule

Need an appointment? Want to email your doctor's office with a nonurgent question? After you enroll, register for an online account at kp.org or get our mobile app. Then you can easily manage your health online—whenever, wherever.

Getting your prescriptions is easy too

Want them mailed to you? You can order most prescriptions and refills online or by phone—then we'll send them straight to you. You can also get refill reminders and see your list of current medicines with the KP app.²

Want to talk? We're here to help.

You don't have to choose a health plan alone. A Kaiser Permanente enrollment specialist can answer your questions—like where to get care or what extra perks are included. Call Member Services at **800-777-7902** or TTY **711**, Monday through Friday, 7:30 a.m. to 9 p.m.

Quality care with you at the center

Our physician-led care teams work together to keep you healthy by delivering high-quality, personalized care.³

Great care from great doctors

Our doctors come from top medical schools, and many of them teach at world-renowned universities. No matter which personal doctor you choose, you'll be in skilled, experienced hands—and your health is their main concern.

As your biggest health advocate, your doctor will coordinate your care journey, and you'll work closely together to make decisions about your health.

Better care with a connected team

Your doctor, nurses, and other specialists are connected to each other, and to you, through your electronic health record. So they know important things about you and your health—like when you're due for a screening and what medications you're taking. That way, you get personalized care that's right for you.

Safe medical facilities and additional care options

We're taking precautions in all of our medical centers to keep members, staff, and communities safe. This includes enhanced cleaning and disinfecting procedures in our medical centers. Additionally, we offer expanded telehealth options—offering our members care from the comfort of their homes.

Personalized care for all members

Care at Kaiser Permanente isn't one-size-fits-all. We believe your story, background, and values are as important as your health history. To help deliver care that's sensitive to your culture, ethnicity, and lifestyle, we:

- Strive to hire doctors and staff who speak more than one language
- Offer telephone interpretation services in more than 150 languages
- Train our care teams on how to connect with and care for people of diverse backgrounds
- Have improved health outcomes among diverse populations for conditions like high blood pressure, diabetes, and colon cancer⁴

Get an idea of what you'll pay before you come in for care with a personalized cost estimate based on your plan details.

Great care, great results

From preventive screenings that keep you healthy to customized care if you get sick, we've got you covered.

Preventive care to keep you healthy

Preventive care is key to how we practice medicine. It can help you avoid some health issues and catch others before they become serious.

Your electronic health record plays a vital role. It tracks your preventive care services and sends reminders when you're due for your next screening. We'll let you know when to come in so you're free to focus on living your life.

Specialty care when you need it

We're also here for you if you get sick or need specialty care. We can conveniently connect you with the right specialist. And you don't need referrals for certain specialties, like obstetrics-gynecology, psychiatry, and drug dependency services.

From high-quality⁵ maternity care to treatment for cancer, heart problems, and more, you get great doctors, the latest technology, and evidence-based care—all combined to help you recover quickly.

Support for ongoing conditions

If you have a condition like diabetes or heart disease, you're automatically enrolled in a disease management program for personal coaching and support. With a well-rounded approach backed by proven best practices and advanced technology, we'll help you get the care you need to continue living life to the fullest.

A leader in clinical quality

Kaiser Permanente leads the nation as the top performer in 14 effectiveness-of-care measures.⁶ These measures include:

- Prevention and screening
- Cardiovascular care
- Comprehensive diabetes care
- Medication monitoring
- Breast cancer screening
- Cervical cancer screening
- Colorectal cancer screening

Convenient ways to get care

Get care where, when, and how you want it. With more options to choose from, it's easier to stay on top of your health.

Choose how you get care

Video

Want a convenient, secure way to see a doctor wherever you are? Meet face-to-face online. Ask your doctor if video visits are available to you.

Phone

Have a condition that doesn't require an in-person exam? We offer care guidance and advice by phone 24/7.

In person

Visit your doctor for routine care, preventive services, care when you're not feeling well, and more. You may also be able to schedule same-day appointments.

Other ways to get care in the moment

E-visit (NEW)

Fill out a short online questionnaire about your symptoms and get personalized self-care advice from a Kaiser Permanente provider.

24/7 care and advice by phone

Call us for advice when you need it most. We'll help you find out what care is right for you, schedule appointments, and more.

Email

Email your doctor's office anytime with nonurgent questions. You'll usually get a response within two business days—if not sooner.⁷

App

Download the Kaiser Permanente app to manage routine appointments, refill most prescriptions for mail-order delivery, see most test results, and more.^{8,9} You can also keep up with your care at [kp.org](https://www.kp.org).

Telehealth—an easier path to the care you need

Kaiser Permanente members have been using telehealth for years. Just as for in-person care, with telehealth your health and safety are our top priority. Our telehealth includes video visit and phone care options, offering a convenient path to care. So you can rest assured that you can get your care when and where you need it.¹⁰

What telehealth means for you

Our telehealth means you can reach us by phone, video, or email while still receiving the same level of care and safety you get from in-person visits. Telehealth offers several benefits:

- Your choice of when, where, and how to connect or follow up with providers
- Reduced transportation time and costs
- Greater access to home care if you're immobile or distant
- Health problems caught earlier, with fewer gaps in care
- Less risk of exposure to germs outside your home

Video visits—the perfect place to start with telehealth

Video visits with your doctor enable you to get care wherever you need it. Kaiser Permanente has been offering video visits since 2013. Our doctors perform hundreds of these virtual appointments on a daily basis, connecting with our members via computer or mobile device from the comfort of home or the convenience of work. With no travel time to get to an appointment, you miss less school or work. Ask your doctor for availability.

You also have several other easy options to connect to telehealth:

- Phone appointments or calls for on-demand urgent care
- Email responses from your doctor's office within two days
- **Kp.org** dashboard to schedule appointments, view lab results, and more
- Text message reminders for most upcoming appointments

Convenient care that fits your needs

At home, at work, or away, choose the care that's right for you

Getting care anytime, anywhere

Urgent Care¹¹

With our urgent care, you get around-the-clock access to more services and capabilities than you do with standard community urgent care clinics. Kaiser Permanente Urgent Care locations are staffed with emergency medicine, family medicine, and internal medicine physicians supported by a full complement of nursing staff and technicians with access to advanced tools and technology.

24/7 Advanced Urgent Care—6 locations throughout the Mid-Atlantic region¹²

Our 24/7 Advanced Urgent Care locations are staffed with physicians who can treat more serious issues than typical urgent care does. In fact, services at these locations are more like those at ERs, with advanced technology like MRI machines and CT scans.

Think of it as personalized urgent care, with shorter wait times than hospital emergency rooms and a care team who knows your health history. And if you need continued care, coordination with our premier hospitals¹³ is available.

For the most up-to-date information, visit kp.org/urgentcare/mas.

Emergency care

If you ever need emergency care,¹⁴ you're covered worldwide—anytime, anywhere. Emergency care is for medical or mental health conditions that require immediate medical attention to prevent serious jeopardy to your health. Examples include:

- Chest pain or pressure
- Severe stomach pain that comes on suddenly
- Decrease in or loss of consciousness

Care away from home

If you get hurt or sick while traveling, we'll help you get care. We can also help you before you leave town by checking to see if you need vaccinations, prescription refills, and more. Just call our 24/7 Away from Home Travel Line¹⁵ at **951-268-3900** or visit kp.org/travel.

Members who need urgent care while traveling in a state without Kaiser Permanente can visit a MinuteClinic® to conveniently access high-quality, affordable care. From sprains to strains, you may use MinuteClinic® locations for minor illnesses and injuries when traveling away from home.¹⁶

At home and on the go

We're here for you in the Mid-Atlantic region and throughout the United States: California - Colorado - District of Columbia - Georgia - Hawaii - Maryland - Oregon - Virginia - Washington

Convenient care near you

With multiple locations to choose from, it's easy to find one near home or work. You can see your doctor, visit the pharmacy, and get a lab test under one roof at most of our facilities. We offer same-day, next-day, after-hours, and weekend services at many of our locations, along with ob-gyn, pediatrics, and other specialty departments. You can also see different doctors at different locations—whatever works best for you.

Finding the right location

Choosing a convenient place to get care is simple—just hop online or grab your smartphone.

- Visit kp.org/facilities to search by ZIP code, keyword, or the type of service you need.
- Search on your smartphone with the location finder on the Kaiser Permanente mobile app.¹⁷

- ¹⁶ If you get care at a MinuteClinic® you'll be charged your standard copay or coinsurance. If you get urgent care at a MinuteClinic® within a state with Kaiser Permanente providers, you'll be asked to pay up front for services you receive and will need to file a claim for reimbursement.
- ¹⁷ To use the Kaiser Permanente app, you must be a Kaiser Permanente member registered on kp.org.
- ¹⁸ The premier hospitals are independently owned and operated hospitals, and they contract with Kaiser Foundation Hospitals. The continued availability and/or participation of any facility cannot be guaranteed. Kaiser Permanente reserves the right to relocate, modify, or terminate the location for premier hospitals.
